

Document 00910

ADDENDUM NO. 1

Date of Addendum: 6/27/11

PROJECT NAME: Neighborhood Street Reconstruction Project 450

PROJECT NO: WBS No. N-000382-0001-4

BID DATE: July 11, 2011 (There is no change to the bid date)

FROM: Carl Smitha, P.E., City Engineer
City of Houston, Public Works and Engineering Department
Engineering and Construction Division
611 Walker, 18th Floor
Houston, Texas 77002
Attn: Mark Board, P.E., Project Manager

TO: Prospective Bidders

This Addendum forms a part of the Bidding Documents and will be incorporated into the Contract documents, as applicable. Insofar as the original Project Manual and Drawings are inconsistent, this Addendum governs.

This Addendum uses the change page method: remove and replace or add pages, or Drawing sheets, as directed in the change instructions below. Change bars (|) are provided in the outside margins of pages from the Project Manual to indicate where changes have been made; no change bars are provided in added Sections. Reissued Drawing Sheets show the Addendum number below the title block and changes in the Drawing are noted by a revision mark and enclosed in a revision cloud.

CHANGES TO PROJECT MANUAL

1. There are no changes to the Project Manual

CHANGES TO DRAWINGS

DRAWINGS

1. Sheet 65 of 114 – Delete the “Construction Sign Details” drawing and replace with the updated “Construction Sign for Storm/Street Projects” per the attached drawing.

CLARIFICATIONS

2. The following are questions received to date and the answers:

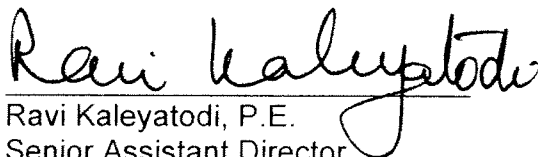

- a. *Question: Pay Item No. 38 covers several different sizes and types of fences. Prices could vary from \$10 to \$75 or more per foot. Can you separate this pay item into sizes and materials?*

Answer: Pay Item No. 38 – “Remove & Restore Fencing (All Types)” is intended to compensate for the removal, storing and restoration of the existing fencing of all types.

- b. *Question: We need a pay item for blast cleaning per specification 2762?*

Answer: Pay Item No. 71 – “Removal of Existing Pavement Markings” which references Specification 2762 should be used to pay for blast cleaning since blast cleaning is the only method utilized in the removal of existing pavement markings as specified in Specification 2762. Blast cleaning the roadway for placement of new thermoplastic pavement markings is incidental in accordance with Specification 02767 – “Thermoplastic Pavement Markings”.

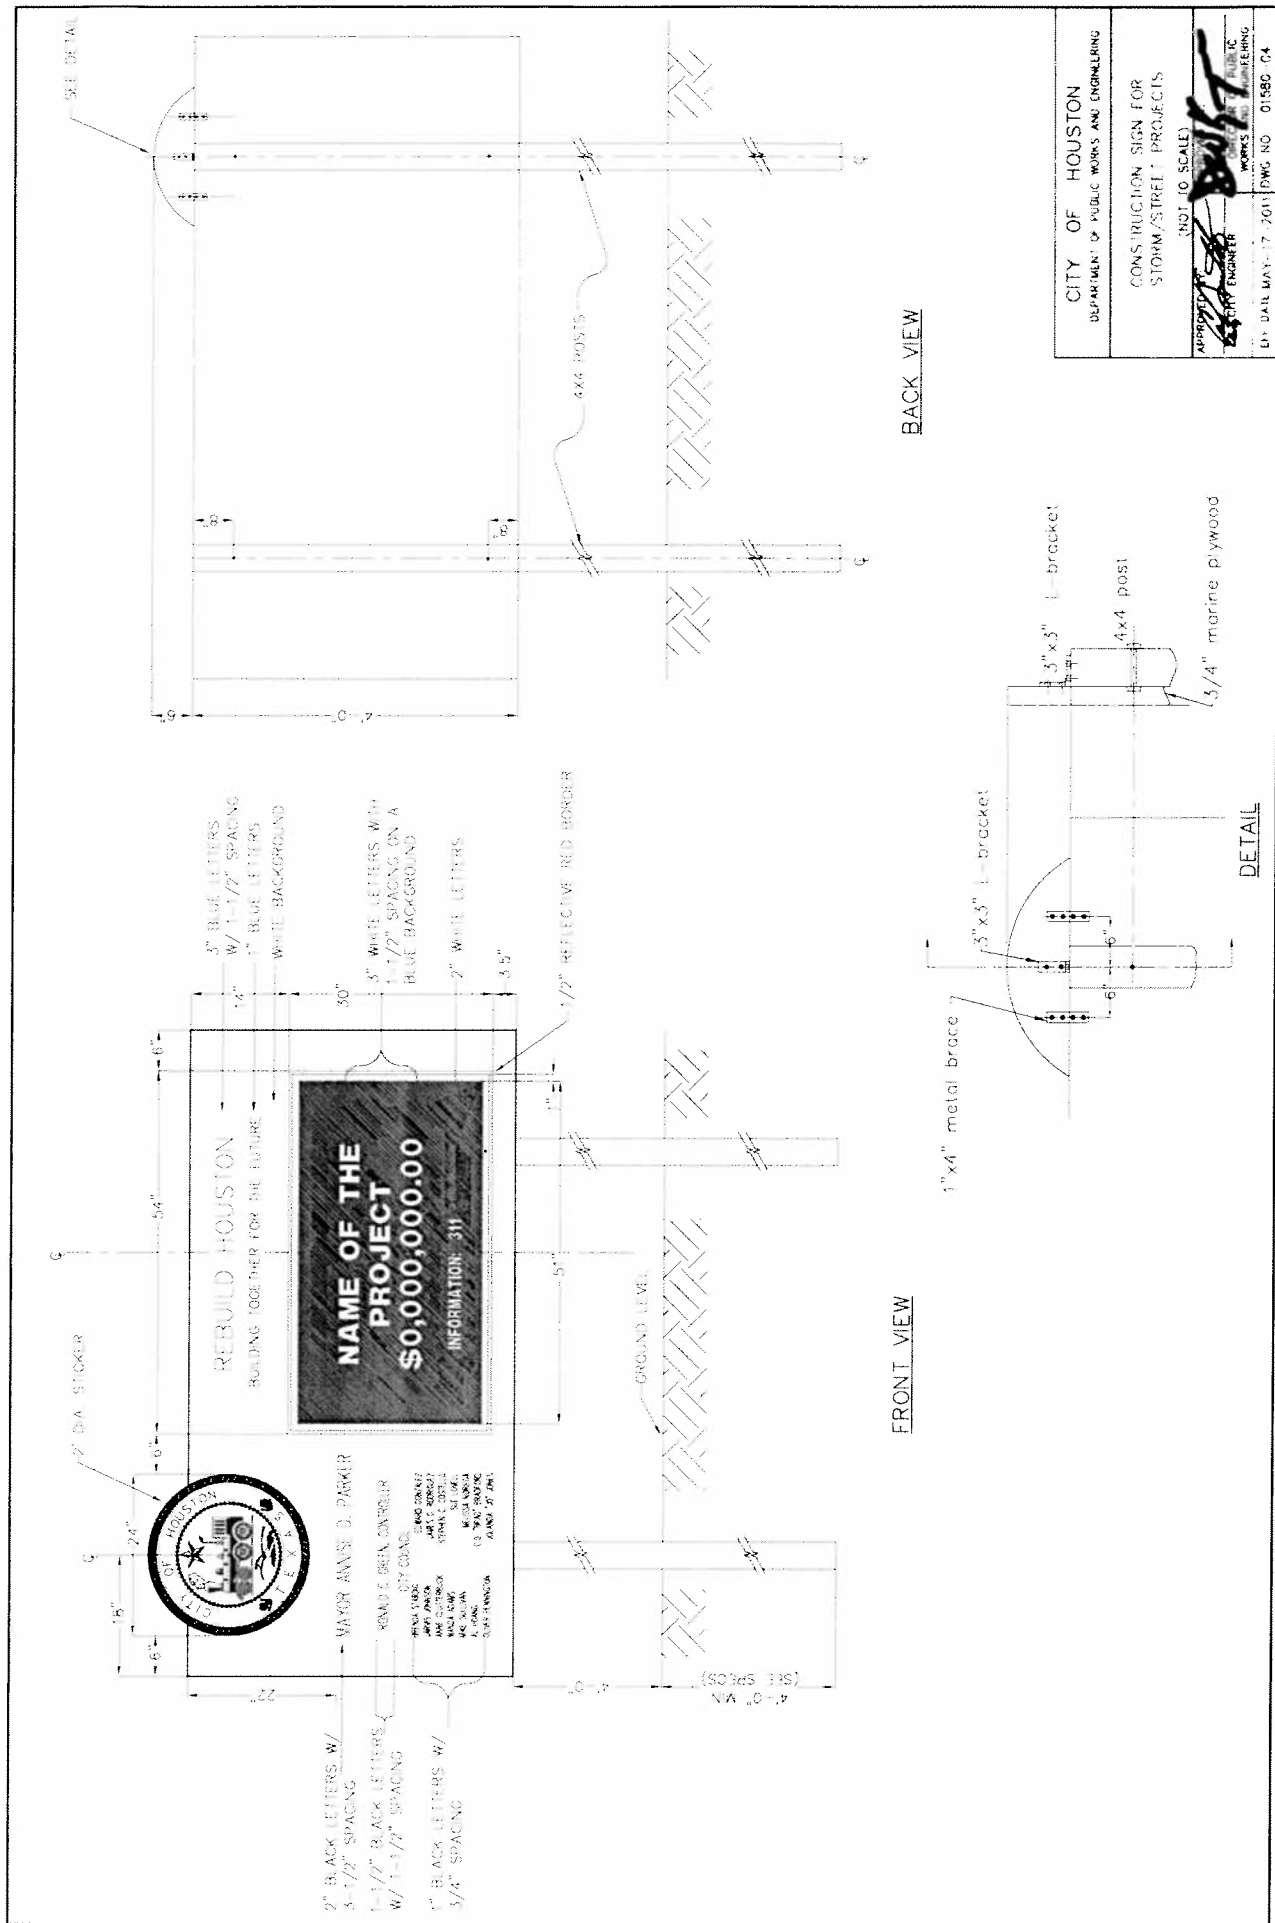

END OF ADDENDUM NO. 1

Ravi Kaleyatodi, P.E.
Senior Assistant Director
